UK frozen out of national dish

we at UK Fisheries have, on behalf of the crews that we represent and their families, been pushing Defra and DIT for something very simple indeed, the restoration of the whitefish quotas, off the coast of Norway and in and around the Barents sea, that until 2019 we used

The one (fish quota) that got away...

For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families, been pushing Defra and DIT for something very simple indeed, the restoration of the whitefish quotas, off the coast of Norway and in and around the Barents sea,

tion of the whitefish quotas, off the coast of Norway and in and around the Barents sea, that until 2019 we used to harvest for the good of the British economy.

For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families,

Fish and chip wrappers are tomorrow's news in shock turnaround

that until 2019 we used to harvest for the good of the British economy.

For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families, been pushing Defra and DIT for something very simple indeed, the restora-

been pushing Defra and DIT for something very simple indeed, the restoration of the whitefish quotas, off the coast of Norway and in and around the Barents sea, that until 2019 we used to harvest for the good of the British economy.

For more than three years,

Cod only knows what to do

to harvest for the good of the British economy.

For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families, been pushing Defra and DIT for something very simple indeed, the restoration of the whitefish quotas, off the coast of Norway and in and around the Barents sea, that until 2019 we used to harvest for the good of the British economy.

For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families,

Something very fishy going on

been pushing Defra and DIT for something very simple indeed, the restoration of the whitefish quotas, off the coast of Norway and in and around the Barents sea, that until 2019 we used to harvest for the good of

the British economy. For more than three years, we at UK Fisheries have, on behalf of the crews that we represent and their families, been pushing Defra and DIT for something very simple indeed, the restora-
